 [Ayotomiwa Emmanuel Atanniyi](#)

## Summary

Front-End Developer with profound knowledge in Blockchain Development (Solana). Proven experience building responsive webapplications using React/Next.js and integrating APIs and blockchain features. Passionate about creating seamless,user-focused digital products. Currently advancing skills in smart contract development and full-stack dApps. Highly driven, adaptable, and execution focused. In my free time, I enjoy learning new things, reading comics or playing chess.

## Education

### University of Ilorin

Mechanical engineering

2nd class upper

B. Eng

2018-2023

- Assistant Class Governor
- Capstone Project: Design, Construction, Testing of an Electrically Powered Lawn Mower and Its Comparative Analysis with a Gasoline Powered Lawn Mower
